

## KING'S NEW FAVORITE.

London Society Aghast at Edward's Partiality for Fairies  
Parisian Beauty—Past Favorite of Many Princes.

LIANE DE POUGY

London's social exclusives are shocked at King Edward VII's growing partiality for Liane de Pougy, the notorious Parisian beauty. Who at different times has been the favorite of the King of Belgium, Prince Napoleon Bonaparte, Gen. Bonaparte, Prince Henry of Orleans and many other men of eminence. Edward has lunched and supped with her many times and shows her many attentions.

The News  
of  
The Week.

Kentucky and  
Paducah Kernels.

From Friday's daily.

Mr. John W. Wilkins, of Bandana, one of the wealthiest men in Ballard county, and a prime mover in all the enterprises of Bandana, was in the city today, and reports that the plan to establish an electric railway from Bandana to Paducah is now progressing rapidly, and July 15 he will start out to secure subscriptions for it.

Already a company of non residents has pledged \$60,000 to the enterprise, and it is certain that \$40,000 will be subscribed by the people of Bandana and that section, leaving the remainder to be subscribed in Paducah.

Owing to the great need of the road, Mr. Wilkins does not think there will be encountered great difficulty in raising the entire amount, and is confident that in one year the road will be in operation, and will bring to Paducah a large volume of business that now does not come here.

Mr. Wilkins is a hustler, and certainly means business. The road has been talked of for some time, but this is the first time any active steps were ever taken to organize a company.

Marshal McNutt, of Mayfield, captured Ed Bradford, a printer employed in the Mayfield Mirror office, at Martin, Tenn., early this morning on a charge of arson. It is alleged that he set fire to the Mirror office yesterday morning and when he heard that the officers were on the track of the incendiary, skipped out and was not heard from until the marshal tracked him to Martin and captured him. He was brought back to Mayfield today at noon and will await the action of the circuit court as it is understood the grand jury has found an indictment against him. The damage to the Mirror building and the machinery amounts to about \$250 with insurance.

Mayor Lang this morning received an invitation to attend the Good Roads convention at Hopkinsville, Ky., on the 10th and 11th of July, and was requested to appoint a delegation to come up and see the work of the Good Roads train.

Congressman C. R. Wheeler is to speak, and a large crowd will be in attendance. Mayor Lang will attend and appointed the following today to go as delegates, and they will doubtless all make the trip.

E. D. Hannan, J. S. Jackson and Al Hymann, of the street committee of the council, City Engineer James Wilcox, Street Inspector Will H. Utterback, Contractors W. Y. Noble and Ed C. Terrell, County Road Supervisor E. B. Johnson, Messrs. J. E. Potter and Councilman F. G. Rudolph.

Sparks from an engine in the barn resulted in the loss of the Griggs & Dewey rehandling house at Mayfield about noon today. Fifteen thousand pounds of tobacco were burned, entailing a loss of \$1,000, with \$500 insurance.

From Saturday's daily.

Richard Caldwell, of near Lynville, Graves county, and Sam Page, of Carlisle county, who were charged with killing an old colored man, who was keeper of a club house on the river in Carlisle county, were tried and acquitted before the county judge at Barlow last Thursday. Caldwell and Page are both of good families.

Buster Slayden, a notorious negro of Mayfield who has been in many

scrapes, and not long ago was implicated in a shooting affray, was brought into court at Mayfield yesterday and given ten years for robbery. He formerly served a sentence for breaking into a dry goods store.

Presiding Elder H. B. Johnston returned after a trip to Ripley and other southern cities today. He attended the Woman's Missionary conference at Brownsville, Tenn., and reports it one of the most successful ever held. The regular election of officers was held and all were re-elected with the exception of the vice president who was succeeded by Miss Female King of Memphis.

He also attended the Union City District conference at Kenton, Tenn., and reports it a success also.

Pilot William P. Gupton is dangerously ill at Smithland. He is one of the best known pilots on the river and his many friends will regret to hear of his illness. There was a report abroad this morning to the effect that he had died but he had not. Mr. Gupton was on the steamer Richardson last season running in Cumberland river, but has not been working regular lately on account of his health.

The Gun Club had a lively shoot at five birds yesterday afternoon at La Belle park and the match was at ten birds, handicap, 43 entrance fee. The results were: Bondurant 41; Nimrod 5; Lang 6; Cochran 9; Moses Starr 8; Hal Walters 10; Weile 8; Dr. Nemo 7; Ahrens 8; Lyle 8; Davis 8; Graham 8; Street 8; Ben Starr 10; Stewart 8.

Vernon Blewett's attachment suit against Tex Sprague, on trial in the circuit court at Benton, was yesterday dismissed. The plaintiff was awarded \$250 damages against Sprague for cutting him, and claimed that Sprague was trying to dispose of his property.

Court at Benton closed today and Judge Husbands returned home. He now enters into his summer vacation, which lasts until September.

A company composed of Messrs. George M. Price, B. R. Kerkendall, W. I. Halby and J. E. Hays, well known business men of Hopkins county, has been formed for the purpose of building a new hotel at Dawson Springs, the summer resort on the Illinois Central railroad. The new hotel will be a modern building and will have one hundred rooms.

When completed this hotel will be one of the handsomest in this end of the state. Work on the new building will begin at once.

"Jack" the mule that has been used for many years to haul baggage at Dawson, is to be pensioned by the citizens, who have subscribed an amount to be paid for pasturage every year.

Mrs. Elizabeth Sayres, aged 90, died yesterday afternoon at her home in Mechanicsburg from old age. She had lived here for many years and leaves several children, among whom is Constable Sayres. The funeral took place this afternoon at three o'clock from the residence, burial at Oak Grove.

The farmers are very anxious for a good rain. They say the crops need it very badly, and if there is not some soon, everything will dry up. Nearly all the crops are suffering since the present hot spell began, and while the damage is not great so far, it will be in a few days unless there is rain.

## Telegraph News.

### BIG FIRM FAILS.

New York, June 28.—Marquand & Co., bankers and brokers, who owned the Seventh National bank, which closed yesterday, a mill on six hundred thousand, made an assignment this morning.

### EX-SHERIFF KILLED.

Bowling Green, June 28.—Ex-Sheriff Duncan, aged 70, was this morning killed by a sun stroke at his farm in this county.

JUDGE GOODNIGHT BETTER.  
Franklin, Ky., June 28.—Circuit Judge Goodnight, who has been critically ill, is now out of danger.

Birmingham, Ala., June 28.—Frank Miller, the notorious crook and safe blower, was hanged here this morning shortly before 11 o'clock. He was stoical to the last, and never lost his wonderful nerve.

He was the first man to use nitroglycerine for safe blowing purposes. He was executed for the murder of Policeman J. W. Adams, who, with Policeman G. W. Kirby, was killed by Miller and his pal, Frank Duncan, one night in March of last year, after the two crooks had been arrested for robbing the Standard Oil company's safe.

The prisoner asserted his innocence and said his execution was a judicial murder. A priest called on him, but after he had departed Miller remarked to a newspaper man: "We can't get together on this religious business." When another newspaper man asked him what was the good word, he grimly replied: "The good word is 10:30 tomorrow morning," referring to the time he expected to hang.

### SUICIDES BY HANGING.

Middleboro, June 28.—Mrs. Pierson, wife of a prominent minister, suicided near Big Stone Gap by hanging this morning. Ill health is supposed to have been the cause of the suicide.

### DESPONDENT HE SUICIDED.

Henderson, June 28.—John Lancaster, a paper hanger, despondent over his wife's death, suicided today by taking poison.

### TELL CITY FIRED ON.

Louisville, June 28.—Two shanty boatmen fired upon the Tell City at Schooner Point on last night's trip, and riddled the boat, piercing the pilot house, and narrowly missing Pilot Joe Paris.

GOV. BRADLEY WILL ACCEPT.  
Louisville, June 28.—Ex-Gov. Bradley will this afternoon accept the presidency of the million dollar trust company to be established here.

### A BIG STRIKE THREATENED.

Pittsburg, Pa., June 29.—The iron and steel workers have failed to agree with their employers, and twenty thousand have been ordered on a strike Monday. The disagreement is over the wage scale, and the strike will involve all the employees of the steel trust.

### INTENSE HEAT EVERYWHERE.

Louisville, June 29.—Reports from all over the country show that the most intense heat prevails everywhere. Thunder showers have relieved only Chicago and Philadelphia, and there are alarming reports from all over the country.

### CRAZED BY THE HEAT.

Louisville, June 29.—Samuel Turner, colored, was driven mad by the heat and hanged himself in the top of a fifty foot tree in the center of the city last night. Many passers this morning thought he had been lynched.

### OIL IN CHRISTIAN AND CALDWELL.

Hopkinsville, June 29.—Oil has been found standing in quantities in old wells in Christian and Caldwell counties, and a big company has been organized to bore for oil.

### FINALLY SUCCEEDED IN SHUFFLING.

Beaver Dam, June 29.—Miss Addie Barnard suicided last night with carbolic acid. It was her third attempt, and the cause was an unbalanced mind.

MISS MORRISON CONVICTED OF MANSLAUGHTER AT EL DORADO, KAN.

El Dorado, Kan., June 28.—The Jessie Morrison jury brought in a verdict of manslaughter in the second degree, penalty for which is imprisonment from three to five years.

There was a rumor this morning that the twelfth juror who had at first stood for the acquittal of Jessie Morrison had given in and that the subject of discussion was the degree of murder or manslaughter on which she should be found guilty. It was said that the majority of jurors were for murder in the first degree and the others were for manslaughter in the second degree.

Miss Morrison's lawyers filed notice of appeal. The prisoner was taken to her cell and locked up. The jury wrangled for nearly thirty hours over the verdict.

### PADUCAH HONORED.

At the meeting of the Woman's Foreign Missionary Society of the Memphis conference held this week at Brownsville, Tenn., Mrs. Amanda Wilhelm, of this city, was made secretary of the Paducah district.

## MANY PRESENT

Republicans of Paducah Meet and Discuss the Municipal Prospects.

### ENTHUSIASTIC SESSION

A County Ticket and a City Ticket Both to be Put Out for the Approaching Campaign.

### CHANCES THOUGHT TO BE VERY GOOD

From Friday's daily.

The city and county Republican committees met last night in the Sun office, and nearly all of fifty republicans invited to meet with them and discuss the outlook in Paducah and McCracken county, attended.

There was much enthusiasm manifested, and everybody present expressed the opinion that the prospects could not be more encouraging.

It was decided to put out both a city and county ticket. For this purpose two conventions will be held. The county convention will be called probably some time soon, but the city convention for the nomination of a city ticket will not be called until fall.

The best men in Paducah will be put on the tickets and the platform will be the best ever offered for the consideration and support of the people of Paducah.

The Republicans are sanguine of success, and last night's meeting abounded in enthusiasm, and showed that the best men of Paducah are ready to make the races, and do everything in their power for the success of the party and the advancement of the city's interests.

There is no end of good material in Paducah, as will be seen in due time, when the tickets are named.

Forest park, second largest in the world, containing 1400 acres, is west of St. Louis, and has been selected as the site for the world's fair in 1903. The site contains 683 acres of the unimproved portion, and 400 acres of that adjoining. This is one-third more space than was used at the World's fair in Chicago.

All the news is in The Sun.

### EDITORIAL NOTES:

The Hopkinsville asylum officials who were indicted for gaming will probably go to court Dr. McCormick company. While they have been guilty of nothing serious, or of nothing at all, they have yet managed to stir up such a disgusting scandal in the asylum that the state administration will doubtless deem it advisable to fire them all, good and bad alike.

It seems that a new deal would be the best thing for all. Dr. McCormick was proven guilty of nothing, but had to go the way of the transgressor just the same. If the others are also dispensed with there is no reason the whole affair shouldn't prove a valuable lesson to their successors in the conduct of an official in a public institution.

Admiral Schley in referring to war medals says that he has "always believed that nations ought of right to perpetuate the great events of their history, rather than those of the lives of the participants, and leave to the judicial calm of historic judgment to perpetuate in bronze those who may have honored themselves by deeds of honor wrought for home, for flag, for country." This is a most worthy sentiment, but often fame doesn't endure quite as long as a medal.

Russia seems very anxious to settle the tariff dispute. It is now claimed by her statesmen that the United States would lose ten times more than Russia by a tariff war. If this be true, there is no need for Russia to be worried. This government does not seem to be in the least alarmed.

The Beer war continues to interest the members of the House of Commons. The latest report shows that the daily cost is over a million dollars. In April there were 1484 cases of typhoid fever, 187 proving fatal. Still England is not ready to say "enough."

Gen. Maximo Gomez is again in this country, but claims that his visit has no significance. He is quoted as saying that his people are busy rebuilding their devastated island and desired only peace, recognizing that prosperity and happiness will follow.

When the Louisville gentlemen come to Paducah it is hoped that the streets will be cleared of the cows in advance. It may be some time since they have seen a cow of the variety we have, but we can well afford to spare them the pleasure.

The sanitary question in Paducah has been solved. All you have to do is to start a few laundries, run the water into the gutters and the chemicals will disinfect the town. Strange it

was never suggested before.

Dallas is already beginning to make arrangements for the Confederate reunion next year. The people expect to flock to it one of the biggest yet held.

England has passed the war tax bill. It was rushed through a session of the house of commons at 3 o'clock in the morning.

### THERE IS NO ISSUE.

There is no issue between the people of Paducah and the "corporations." There is no reason why any paper should be "for the corporations against the people." Nobody is fooled by the demagoguery exhibited in trying to manufacture sentiment either against the "corporations" or any newspaper in Paducah. The people in Paducah and the "corporations" seem to be getting along pretty well. There seems to be plenty of work for the workmen, at good pay, and if the workmen have good, steady employment at satisfactory wages they are usually satisfied. Two-thirds of these laboring men in Paducah work for "corporations."

One "corporation" alone pays out about \$70,000 a month to its men. Every large manufacturing in Paducah is a "corporation," likewise many of the largest mercantile establishments. They work hundreds of men, and pay them regularly, and without the "corporations" Paducah would be a dead town, with neither manufacturers nor public conveniences. As an evidence that the "corporations" are in good standing with the people and the leading and most progressive men in the city, an effort to bring a new one is always made when there is a chance of success. There are now several more in prospect, and if the efforts of the good citizens of Paducah are successful, we will soon have other large "corporations." If any "corporation" infringes on the rights of any citizen or citizens, he or they have ample recourse. With a large majority of the laboring people employed by "corporations" and a large per cent of the substantial men of the city interested in them, any effort to create a prejudice against them, or to bring into disfavor a paper by charging that it is "for the corporations against the people," will prove as unfortunate and unsuccessful as the unworthy motives that inspired it.

Pittsburg mariners are happy because there is not going to be a rise in the rivers for a few days at least. Most of the towboat men are wishing that it will not rain until after the Fourth of July, and the excursion boat owners are praying for good weather.

The Sun only 10c a week.

### FURNACE MEN.

THEY GO UP THE TENNESSEE RIVER TO INSPECT FIELDS.

Messrs. Frank Eagle of Milwaukee, and Hoody of Youngstown, Ohio, who have leased the iron furnace, left last night for a trip up the Tennessee river to inspect ore fields. The terms of their lease, which was filed yesterday afternoon, are the same as those of the recent Kentucky Furnace Company, the annual rent paid being \$3,500, with a privilege of buying at any time for \$60,000. The necessary repairs on the furnace, which will not probably be large, will begin at once, and the furnace will in no doubt be in operation shortly.

### PADUCAH MAN.

LODGES COMPLAINT AGAINST A MAN NEAR PHILADELPHIA.

Dispatches from Philadelphia state that Joseph T. Morris, of Chester county, has been arrested on a charge of victimizing stock raisers all over the country. Mr. Henry T. Beyer, the butcher, lodged complaint against Morris to the government authorities. He claims he sent \$55 for a stock bargain and received in one year two Berkshire pigs valued at \$13. It is claimed Morris owns a small stock farm and has been doing a big business.
